**ARC International Plc Financial Information 2004 under Financial Reporting
Standards (IFRS)**

ARC International Plc

ARC International (LSE:ARK), the world leader in configurable CPU/DSP processor cores and application subsystems, today published its unaudited financial results for the half and full year 2004 restated inline with the International Financial Reporting Standards (IFRS). The company provides detailed reconciliations to the previously announced United Kingdom Generally Accepted Accounting Principals (GAAP) figures.

The document is available for download from ARC's website at www.arc.com/investor/downloads/ifrs.pdf. A copy also can be obtained by contacting the company.

About ARC International plc

ARC International is the world leader in low-power, high-performance 32-bit configurable CPU/DSP processor cores, subsystems, real-time operating systems and development tools for embedded system design. ARC's patented configurable CPU technology assists customers in the development of next generation digital media, consumer and communications devices, resulting in lower cost, higher performance SoC products.

ARC International maintains a worldwide presence with corporate offices in San Jose, California, USA and Elstree, UK. The company has research and development offices located in England and the United States. For more information please visit the ARC website at: www.ARC.com. ARC International is listed on the London Stock Exchange as ARC International plc (LSE:ARK).
